

Kids hop on in to the Credit Union to meet Kirby the Kangaroo!

The Wizard has worked hard for Club Oz at the Credit Union for a long time, and now he's decided to relax for a while and take a well-deserved vacation. While he's away, The Wizard has asked his super-awesome friend from Australia, Kirby Kangaroo, to fill in for him and help teach kids about money and other cool stuff.

Have Fun, Wizard!!

About Kirby Kangaroo Club

Hey Kids,

We will be going on great adventures with Kirby as he teaches us how to save money and we explore more about the Credit Union and exactly how it works. Watch for more information on events that we will be having at the Credit Union. You will have a chance to earn Kirby bucks to use at the store here at the Credit Union. For every deposit of at least \$2.50 you will earn 1 Kirby buck. You can also save your Kirby bucks for upcoming drawings or for prizes that require more Kirby bucks.

Which would be better, an old 10 dollar bill or a new one?
A: An old 10 because, 10 is worth more than 1!

If you would like to learn more about Kirby and his new kids club here at the Credit Union, visit our website at arkvalleycu.org and click on Kirby's picture. This will take you to the all-new Kirby Kangaroo Club website that's just for Kids. It is filled with games, stories about Kirby, jokes and Coloring pages.

Parents Corner

At Ark Valley Credit Union we are really trying to promote savings and help the next generation to be financially stable. Kirby's Club is designed to get kids involved and excited about saving. So every deposit that earns 1 Kirby Buck the Child must be the one depositing. This helps the kids to be involved and see the value of savings at an early age.
